

Landcare Activities in the Hall/ Wallaroo Area

Ginninderra Catchment Group is coordinating a number of upcoming Landcare activities for landholders in the Hall/Wallaroo area.

Paddock plant identification and management workshop

Date: 1.30pm-4.30pm Friday 17 November

Location: Gold Creek Station, Victoria Street, Hall

Topics covered include:

- Main species present
- how to identify plants and what they indicate about soil and management
- Grazing management for production and persistence

RSVP: actlandcare@act.gov.au

Erosion control and water movement in the landscape

Date: 9am-12pm Saturday 2nd December

Location: TBC

The workshop will cover:

- Gully and riparian erosion – how, why and when should we fix it?
- The movement and storage of water within a functional local landscape

- A range of low-cost, human-scale techniques, using locally available materials to tackle a variety of erosion issues.

The hands-on component of the workshop will:

- Demonstrate the application of principles for low cost erosion control
- Provide skills in interpreting the landscape
- Allow the opportunity for hands-on experience in addressing erosion

Opportunity for tree planting on your property

Ginninderra Catchment Group and Greening Australia have developed a partnership project to assist rural landholders undertake revegetation works in the Wallaroo/Hall area. GCG or GA will conduct a site visit to provide useful information on site preparation, planting methodology, and species selection and answer any questions you may have.

For more information on any of these contact Karissa Preuss
